I understand that I am entering this car in the WIRL builders cup series after agreeing to abide by the terms, rules, and procedures of the event.

I understand that although WIRL will use the utmost care while my car is in their possession, if my car is unintentionally damaged or lost while in the care of WIRL, their liability is limited to a maximum of \$25.00 restitution. This does not include damage incurred during normal racing (such as flying off track, or being hit by another car), or cars received damaged during shipment to WIRL.

I understand this entry fee is not refundable if my car doesn't pass inspection, but I will have credit for one car entry in a WIRL Builder's Series Race whenever I can first use it.

I understand that if my car does not pass inspection for the event, it will be sent back along with an explanation of the failure. If I wish to resubmit this or another car after adjustments, I agree to submit a return shipping fee to cover the cost of re-inspection and return postage.

I authorize the use of my name, my Builder nickname, and my car name and likeness for WIRL promotional purposes.

I have left a bare wood surface on the underside of the car for the purpose of a stamp that will identify my car for the 12 month eligibility period.
